Figure 1 consists of 12 diagrams, labeled (a) through (l), arranged in two rows of six. Each diagram shows a 2D lattice of squares. The top row (a-f) shows a square lattice with a central square removed, labeled (a) through (f). The bottom row (g-l) shows a square lattice with a central square and its four neighbors removed, labeled (g) through (l). The diagrams illustrate the growth of a cluster from a single square to a more complex shape.
